

□ □ □ □ MCA Membership Information

If you are a Collection Agency or an Attorney Group (engaged in debt collection) with an office in Missouri, we would like to you to join the Missouri Collectors Association. Below you will find a link to member benefits and an application. Membership in MCA and ACA are one in the same. You must join ACA in order to be accepted as a member in the Missouri Unit. Once your application is received, the background process will begin, which may take a few weeks. Once approved, the ACA will be advised when your application has been approved by the unit. If you have questions, send us an email. The Missouri unit will accept other agencies from outside of Missouri as members. Payment of the dues for MCA only and the convention fee is required. ACA dues are not required to be paid again UNLESS there is a branch office within the state. To view the value and benefits of

Membership in ACA & the Missouri Unit click the link below
